Professional Summary

Results-driven Fullstack Developer with 1 year of experience in designing, developing, and maintaining web applications. Skilled in Python, Django, React, TailwindCSS, JavaScript, HTML, and CSS, with a proven ability to create efficient, user-friendly software solutions. Committed to delivering high-quality work that aligns with user needs and organizational goals.

Skills

- **Programming Languages:** Python, JavaScript
 - **Frameworks:** Django, ReactJS
 - **Web Technologies:** HTML, CSS, Tailwind CSS
 - **Version Control:** Git, GitHub
 - **Databases:** PostgreSQL, MySQL
 - **Other Tools:** VS Code, Postman, Docker

Professional Experience

Software Developer

Zindua Technologies — Nairobi, Kenya
February 2024 – September 2024

- Collaborated with a cross-functional team to build and web applications using Django and ReactJS.
 - Designed and developed RESTful APIs for seamless integration between front-end and back-end services.
 - Implemented responsive web interfaces with HTML, CSS, and Tailwind CSS, improving user experience.
 - Wrote clean, reusable code following best practices, reducing bugs and maintenance time.
 - Conducted testing and debugging to ensure high-quality application performance.
 - Deployed applications to production environments on GitHub Actions.

Projects

Job Portal

Technologies: Django, HTML, CSS, JavaScript

- Developed a job portal enabling employers to post job listings and job seekers to apply for jobs.
 - Implemented role-based authentication for employers and job seekers.
 - Optimized database queries, reducing load times by 25%.

Skill Chat

Technologies: Django Rest Framework, ReactJS

- Built a secure banking app with features for viewing balances, requesting loans, and tracking contributions.
 - Designed a user-friendly interface with React and styled components using Tailwind CSS.
 - Integrated a RESTful backend to handle transactional data and user authentication.

Education

Certificate in Software Development

Zindua School — Nairobi, Kenya

Graduated: December 2024

FreeCodeCamp — Full Stack Web Development Certification; 2024 - 2024
